

**Communication Plan
Grades 4-6 Core French
Debert Elementary School
2023-2024**

Teacher: Natalie MacQueen

Overview:

The aim of the Core French Program is to develop the learner's ability to communicate effectively and authentically in French. French will be spoken in the classroom by the teacher and students at all times. We will be approaching the subject through a variety of topics reflecting the student's interests, needs, and experiences. Each unit is built around a theme and ends in a final task, which requires the student to use the language skills learned throughout the unit. More specifically, we will address the language through reading, writing and oral language.

Expectations of Your Child:

- Be prepared for class
- Participate using the French language learned
- Complete assignments and homework
- Follow school expectations: be respectful, responsible and safe!
- Ask for help when needed
- Be a positive role model
- Be willing to try and always do their best

Assessment and Evaluation Strategies For Student Learning:

Assessment takes place on a daily basis and is a key part of the learning/teaching process. Ongoing assessment of student learning informs students about what they have learned and what they have not yet learned.

Students will be provided with a variety of opportunities and ways to demonstrate their learning and understanding in relation to the curriculum (learning outcomes) for the subject/course. Student learning will be assessed using:

- Conversations with students
- Observations of learning
- Products students create to show their learning throughout the process

Report Cards

Report cards are provided to students/parents three times a year communicating student learning and development of social skills and work habits.

Contact Information

Communication is important. Please feel free to call me at school or email me at any time. If you prefer, you are welcome to send a note or set up an appointment to discuss any concerns or needs of your child.

Sincerely,

Nataile MacQueen
